

Tips on Picking Teams

Not sure how to pick your teams come draft time?
See below for some helpful tips.

Rounds 1&2

- Look for the best seeds you think will reach the Final Four and Elite Eight rounds.
- Refer to the Bracket Dashboard to see how past top seeds have favored.

Rounds 3-5

- Teams chosen in these rounds are what win leagues for players.
- Take a chance on some possible dark horses and Cinderellas.
 - Be sure to use a bracket to track your picks so you can:
 1. avoid picking too many teams that may meet in the early rounds.
 2. avoid picking too many teams from the same region.

Rounds 6-8

- The long shots are usually what's left in these rounds.
- Use the Bracket Dashboard to help spot any big upsets.
